SAFE STEP® Matrix™ Treads & Treads

Customer

Robert Wiseman Dairies
(Procures, processes and delivers liquid milk to customers throughout Great Britain)

Location & Date

East Kilbride, Lanarkshire, January 2008

Application Details

Robert Wiseman were concerned about the potential slip hazard on a new open grate staircase and checker plate landings at the East Kilbride head offices. In wet conditions, open grate staircase and checker plate landings are considered to be a slip hazard.

Budgets were limited and a cost effective long term solution was required.

Specification

ROCOL® recommended the installation of Yellow SAFE STEP® Matrix™ panels and treads which;

- provide a hard wearing anti-slip surface
- are supplied with DDA and Building Regulations 55mm sightline
- quick and easy to install and require minimal 'down-time'

Result

24 SAFE STEP® Matrix treads and 2 panels were installed in January 2008.

The open grate staircase and checker plate landings no longer present a slip hazard.
